Thanks, Alex. I don't think a delay till the 10th has a critical impact on the schedule. But I know my RA, Jim Martin, was going to talk with Lek about this, so I will certainly defer to him and whatever agreement they reach.

Ayn

I want to clarify my voicemail from yesterday regarding the upcoming USGS/EPA briefing.

Given that Ramona will be out of pocket the week of 9/3, it would be good but not absolutely critical for her attend the briefing with Marcia et al. Ann Campbell thinks it'll be okay to delay a few days (eg September 10 or 11 at the latest) if doing so will not shift the Pavillion schedule in the attachment dated 8/15.

Again, if shifting the meeting to 9/10 or 9/11 impacts the current schedule, then we'll proceed without

Ramona and stick with September 6 or 7. Just let me know and we'll go from there.

Thanks and looking forward to your call.
